

## SHOOT GIRL, THEN KILLS HIMSELF

Insists Upon Girl Marrying Him, She Refuses, Double Tragedy Follows.

Las Cruces, N. M., March 4.—(Herald) Medina, a Porto Rican, is dead and Miss Nieves Maclean is reported dying following a dual tragedy at the home of Antonio Maclean, the father of the girl, at 5 o'clock this morning.

Medina had been keeping company with the Maclean girl for some time and said to have insisted that she marry him. This, her relatives declare, she refused to do and this is believed to have led to the killing.

Went to Mass.—The girl went to mass Saturday morning as usual at the old church of the twin crosses and had been home only a short time when Medina rode up on a bicycle. He entered the Maclean home carrying a 30-30 rifle in his hand.

The aged father of the girl, hearing

a shot, started to investigate, when Medina stepped from the house, placed the muzzle against his temple and fired, the soft nosed bullet blowing the top of the man's head off, according to the statement of the elder Maclean, who started to attack Medina with an ax which he was using to chop wood. He was knocked down by Medina.

Girl Will Die.—Medina was about 30 years old and was an ex-soldier of the Porto Rican army. He had been employed by Jack Findley and other Las Cruces men as a day laborer. The girl is a graduate of the local schools and was well known in Las Cruces.

Dr. R. E. McBride, the county physician, declared at noon that the girl could not live, as the bullet ploughed into her stomach and caused fatal internal wounds. The girl made a statement to coroner David Herrera, in which she is said to have stated that Medina shot her after she had again refused to marry him.

## COOL BURGERS TAKE ICE CREAM

Francis Broadus Entertains Club Without the Frozen Refreshments.

Francis Broadus entertained the Bohemian club of the high school Friday night at his home 1121 Boulevard. He ordered ten gallons of ice cream from the confectionery. The ice cream freezers were in the kitchen of the Broadus home.

While the boys one-stepped and fox trotted in the front of the Broadus home some unpropitious person snatched into the kitchen and removed the entire ten gallons of cream. The hurry up call was sent to the police station, another to the confectionery and the dance prolonged until a fresh supply of frozen refreshments should arrive. The police are looking for certain persons who look like they may have eaten a canary and who look snuffed with ice cream.

Auto Tire Taken.—Charged with attempting to take a tire from a motor car owned by Maury Kemp, Herman Huttanus, a 12 year old boy, was arrested Friday night on Magoffin avenue, following a complaint made to the police by Mr. Kemp. The boy was later released to his father, on his promise to appear in corporation court this afternoon.

Two sets of pool balls and a dozen billiard cues were stolen from the Zarzosa saloon sometime Friday night.

A bicycle was stolen from the home of Charles Geak, at 207 West Overland street, Friday afternoon.

## Entries Juarez Jockey Club RACES

8th Day, Sunday, March 5.

## 14 YEARS Ago Today

From The Herald of This Date, 1902.

The third conference on city improvement under the auspices of the committee of 15, held last night at the chamber of commerce, was attended by about 40 representative citizens. Short talks were made to the committee on the sanitary condition of the city by Drs. Horsley, W. N. Vilks, Anderson and Schuster.

Sam Schuta left today on a visit to Deming and Silver City.

Mr. and Mrs. E. Welch were passengers on the Mexican Central train today, bound for Guadalupe.

A. J. Ross, district superintendent of bridges and buildings of the G. H. railway, returned from a trip over the line.

Charles Deffert, proprietor of the Onhorff hotel, is away from the city on a visit to the interior of Mexico.

Mrs. Harry Flato and son, who have been visiting Mr. and Mrs. M. Ains for several months, left for their home in St. Joseph.

Mr. and Mrs. Powell Stackhouse and Miss Kate Crosby left this morning for Los Angeles, where they will spend several days.

Last night at 7 o'clock, Robert S. Tanner and Miss Sophia Lena Mitchell were united in marriage at the home of Mrs. Henry W. Moore on Wyoming street.

J. S. Morrison, city passenger and ticket agent of the Santa Fe railway, returned from Alamogordo, where he went yesterday with the Gates excursion.

R. C. Lowell, contractor, who has the contract for the building of the foundation of the new Southern Pacific hospital, stated this morning that the work would be completed within a very short time.

Miss Bessie Williams, at her home on North Kansas street, entertained a few of her friends Saturday evening. Those present were: Miss Grace Carr, Mary Philney and Louette Robinson and Messrs. Baldwin, Will C. Perry and Philip Mosehead.

El Paso may have union stock yards ready for operation by next spring. Levi Baldwin has returned from Kansas City and says that his contract for building the erection of the yards was obtained in that city from wealthy packers. The yards will be located about two miles east of the city below "Concepcion" at least 15 acres have been leveled at an expense of \$15 an acre.

## Keep Hens and They Will Keep You

El Paso and Valleys Have Many Advantages Over Other Parts of Country for Poultry Raising; Furnish Pleasure and Profit.

By JACK EGAN.

At the last annual show of the El Paso Poultry association, which was held in December, I heard many of the visitors remark that they never realized that El Paso could raise such beautiful birds; that they had always heard that it was almost next to impossible to raise chickens successfully in this climate. Since the show, I have heard many more make the same statement. Where this mistaken idea originated is hard for me to say; but in defense of El Paso and the valley I make the statement that we have many advantages for poultry raising here over most any other section of the country.

Have the Climate.—We have the climate. No one can underestimate this advantage, for it means cheaper housing, longer breeding and hatching season. The continuous production of food, especially greens and better fertility in the early season, the natural breeding time for our birds, means the possibility of producing the early birds.

There is no reason why a large majority of the back yards in El Paso should not contain at least a small flock of thoroughbred chickens.

Profit and Pleasure.—It would not only prove profitable but a pleasure. With proper attention and surroundings the hen can make famous this valley of ours. She will keep thousands of dollars here annually which has, in the past been sent out of town.

Many have sent away for better birds, with which to improve their own flocks and I am glad to hear such reports. I want to see the best in the country, of all breeds, at El Paso's next poultry show, and exhibited by El Paso growers. There is no doubt but what competition will be keen.

New Members.—The El Paso Poultry association is making great strides in its campaign for new members and a total membership of 200 inside of three months is expected. A number of the members have already sold eggs for fancy prices to breeders in east Texas, Arizona and New Mexico.

A general feeling of good fellowship prevails throughout the association, and every one is a booster for more and better poultry. They have organized for the purpose of showing that El Paso can produce what is wanted.

We have a large field here and there

## If You Want a Real Treat

Phone your Grocer for a can of Golden Rod Syrup. It is—

A Pure Food Syrup of exquisite flavor with a smooth and velvety taste;

A perfect blend of cane and maple;

Manufactured under the strictest sanitary conditions;

Made from the finest fully matured ribbon cane grown in the richest sugar producing section of Louisiana's famous cane lands, combined with New England Maple Sap, doubly distilled and clarified.

It is a fitting syrup to serve with an American's meal.

Golden Rod is pure, wholesome, and nutritious. Once you know its delicious flavor you will never be without it.

For sale by all Grocers.

Pints, 25c; Quarts, 45c; Half Gallons, 75c; Gallons, \$1.50

Give your Child

**Dr. King's New Discovery**

for Coughs and Colds.

Dr. King's New Discovery is a Doctor's Prescription used for over 45 years. It is pleasant and children like it.

You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system. Dr. King's New Discovery is antiseptic—kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation.

"I have used Dr. King's New Discovery for the past three years and use it continually in my family. My children are very fond of it for it keeps them free from cold. I can't say too much for it, and take pleasure in recommending it to my friends." Mrs. A. S. Rhine, Francine, N. J.

Don't put off treatment. Coughs and colds often lead to a chronic cough, pneumonia and other serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All druggists.

## Why pay Tire Bills for Others—i. e., for RECKLESS Drivers

**GOODRICH SAFETY TREAD**

THIS to the American who hates to be "the Goat"! Tires CAN be sold on a "BUSINESS" basis, with sufficient profit to both Manufacturer and Dealer, as Goodrich experience proves.

But, they can also be sold on a PREMIUM basis, whereby the "Safe and Sane" Car-Owner pays for the Speeding Propensities, and Careless Driving, of Others who, leaning upon an extravagant "Guarantee," knowingly burn up Tires in half their natural Life and Mileage.

Speed-Maniacs and Careless-Drivers may very PROPERLY pay the Premium over normal Value (which is really an Insurance Premium), on fancy-priced Tires.

Because, the Premium they pay may be less than half what other Careful Car-Owners indirectly contribute for them, when buying the same brand of Premium-priced Tires, and using them so reasonably that practically no "adjustments" are, in their case, demanded, though paid for in the Premiumed Price.

AMERICANS who want their money's worth,—who dislike to pay for the Reckless-driving extravagance of Others,—in the price of their own Tires, should sit up and take notice of following FACTS:—

The current Goodrich "Fair-List" price on Tires, is based upon what it costs the largest, and best equipped, Rubber Factory in America to produce them.

No "Insurance" Premium added to the NORMAL retail price of Goodrich Tires, in order to protect the Reckless Driver at the expense of the Careful Driver, through a fancy List Price which is high enough to absorb that Premium.

The excess Mileage each Goodrich Tire is reasonably certain to deliver, when given reasonable care in driving, thus becomes clear "Velvet" to the Owner of GOODRICH Tires.

Money can't make, and can't buy, better Tires of Fabric construction, than Goodrich Safety-Tread Tires, as Test will prove.

And, money can't buy the B. F. Goodrich Co. to produce Tires which would discredit the 269 other lines of Rubber Goods made by the B. F. Goodrich Co., for which its name stands Sponsor.

COMPARE prices on Goodrich "Fair-List" Tires with present prices on any other responsible Tires in the field bearing in mind that NO "LARGER-SIZED" Tires (type for type and size for size) than Goodrich Black-Treads, are made in America.

Then, Test out at least ONE pair of Goodrich black-tread Tires, on their per-DELIVERED-Mile cost to you, against any other Tires in the field, at any price, and,—abide by the Result.

Why (if YOU are not a Reckless Driver) should YOU pay MORE than the "BUSINESS" price of the Goodrich Tire, for ANY Fabric Tire in the field? Get a sliver of the new Goodrich "Barefoot" Rubber from your nearest Goodrich Dealer or Branch.

**THE B. F. GOODRICH CO.**  
Akron, Ohio.

30 x 3	Ford Sizes	\$10.40
30 x 3 1/2		\$13.40
32 x 3 1/2		\$15.45
32 x 4		\$22.00
34 x 4	Safety Tread	\$22.40
36 x 4 1/2	"Fair-List"	\$31.60
37 x 5		\$37.35
38 x 5 1/2		\$50.60

## GOODRICH "BAREFOOT" Tires

NOTICE

"No Concern in America made, or sold, during its latest fiscal year, nearly as many Motor-Car Tires as did The B. F. Goodrich Co."

"Our published Challenge, still unanswered, proves this."
